### **FULL TIME GROOM POSITION**

Dean Valley Livery Stables & Competition Facilities are owned and run by the Hague family – Karen, Steve, Chris and Danielle.

Dean Valley opened in 1999 and offers everything a rider, whether amateur or accomplished, could wish for and is a BHS approved livery centre and competition facility.

Dean Valley are now looking for a full time groom to join their existing team.

The successful candidate must be a capable rider as they will be working with fit Hunt horses, young stock & full liveries.

As part of a busy livery facility the candidate will be required to care for full liveries and therefore should be happy to deal with clients. The candidate will carry out all yard duties and also prepare for competitions. A key element of the job will therefore require the candidate to adopt high standards when it comes to horse turnout.

Whilst working as a part of a team, this job offers great opportunities for the right applicant.

The position is for a full time, 5 days/week groom and in return you will be offered competitive pay and conditions. No accommodation.

Enquiries to Karen Hague: Contact details as above.
